# **COL Marty Vozzo**

Director, Training  
Development and Delivery Directorate

# TADLP Transformation

LTC Frank Anderson

# Transforming TADLP

## How We Got Where We Are & The Way Ahead

**Soldier training base line - capability to perform the critical combat tasks to standard - anytime**

# Current Operational Environment (COE)

- Nation and Army at War
- DoD Training Transformation (T2)
- Army Campaign Plan
- Deployments – Redeployments
- Army Modular Force
- Stabilizing Units

***Refocus program to meet current  
challenges in training the Army's  
Soldiers and leaders***

# Refocus TADLP

- Lest we Forget...

- ✓ Individual competence is a function of reaching and maintaining proficiency in individual mission critical tasks
- ✓ Individual competence is a building block for collective team performance of some of the most complex tasks that occur in actual combat

- What we're thinking:

- ✓ Focus TADLP Training Development on the critical individual tasks, common tasks, drills, team training and Lessons Learned for Soldiers and Leaders in deploying and deployed units
- ✓ Address the Operational and Institutional Domains

# Task Training Packages

- Utilizes standard development template
- Focuses on specific training requirement/event
- Provides mental skills training for a task or tasks
- Supports initial, sustainment, and/or supervisor training
- Supports initial training of MOS tasks in resident schools
- Provides transition training into the unit (esp. important to RC DMOSQ)

# Transforming TADLP

## How We Got Where We Are & The Way Ahead

**Soldier training base line - capability to perform the critical combat tasks to standard - anytime**

# CG TRADOC Priorities

- Continually adapt and refine the training of the current force to the realities of the threat and the operational environment
- Capture/integrate operational lessons learned and feedback in Army Transformation
- Manage the Education System Surge

# Means of Delivery

- AKO *My Training* Portal provides reach-back capability for Soldiers and Leaders

# Game Plan

- Establish TALP Board of Governors (TBOG)
- Develop an Operational Architecture – Multi-system Integration
- Establish Task Package Structure – SCORM, technology levels, interactivity levels
- Develop TADLP Transformation Plan
- Establish Staff responsibilities – DA to Proponent Schools
- Market TADLP – Proponents, MACOMs and Army Staff (ARSTAF)
